## WHOLE REGION AFLAME

LAWLESSNESS PREVAILS IN THE ENTIRE ANTHRACITE COAL TERRITORY.

## ANOTHER CALL FOR TROOPS

Sheriff of Susquehanna County the Last Official to Call on Governor Stone for Military Aid—Four Full Regiments, Two Companies of Another and Two Troops of Cavalry Now in the Field.

Philadelphia, Sept. 25.—Of the ten anthracite coal producing counties of Pennsylvania, state troops are now camped in five. Despite the presence of the troops in these districts, rioting and general lawlessness continues in the entire hard coal territory from Forest City, Susquehanna county, on the north, to Williamstown, Dauphin county, on the south, a distance of more than 100 miles. The section of the strike region in the vicinity of Forest City, which has been comparatively quiet ever since the strike began, was greatly wrought up during the day by crowds of strikers interfering with and beating men who had returned to work, and as a result Sheriff Maxey of Susquehanna county has asked Governor Stone for troops to assist him and other civil authorities to preserve peace.

At present there are four full regiments, two companies of another and two troops of cavalry in the field. The Thirteenth regiment is camped at Olyhant, six miles north of Scranton. The Ninth is quartered at its armory in Wilkesbarre; the Eighth regiment and the Second Philadelphia city troops are under canvas on the top of a hill overlooking Shenandoah; one battalion of the Twelfth regiment and the Governor's troop are in the Panther Creek valley, and one battalion of the Twelfth is preserving order in the city of Lebanon, where the iron and steel workers are on strike. If the disorder continues Governor Stone will be compelled to call out additional soldiers.

## Many Small Disturbances.

While there has been no big general riot the disturbances have been of such a serious nature as to cause the authorities much apprehension. Every effort is being made by the sheriffs of the several counties affected and the troops to prevent disturbances from growing to such an extent as to cause bloodshed. Reports are coming in from every section of nonunion men and others being either shot or clubbed. Houses of workmen have been burned or dynamited, and attempts have been made to hold up coal trains or derail them.

Coal is being shipped from many parts of the coal fields to market, but compared with the normal output the quantity is insignificant. The output for this week will be considerably less than the average normal production of one day, which is about 300,000 tons. The strikers claim that very little of the coal is freshly mined and that it is mostly coal "washed" from the culm banks, or has been stored at various points since before the strike began. President Mitchell of the miners' union, had no comment to make on the movement of the troops into Luzerne county. He said the general strike situation is unchanged.

## WILL AUCTION THE SEATS.

Butte (Mont.) to Give a Benefit for Striking Pennsylvania Miners.

Butte, Mont., Sept. 25.—A benefit for the striking anthracite miners of Pennsylvania is being arranged by Butte miners with the sanction of, and assistance of, President McDonald, of the American Labor union.

At the coming benefit box seats are to be sold at auction. United States Senator W. A. Clark will preside. The principal address will be made by Captain Jack Crawford, the poet scout of Arizona. Captain Crawford, who is an old friend of J. P. Morgan and who has been a miner himself, has gotten up the benefit. He has sent a letter to Mr. Morgan urging him in the name of humanity to use his influence in settling the trouble in Pennsylvania.

## BIG STRIKE MAY RESULT.

Employers Present an Ultimatum to Chicago City Railway Company.

Chicago, Sept. 25.—An ultimatum has been presented to the Chicago City Railway company by the executive committee of the Chicago Federation of Labor, demanding among other things the reinstatement of forty barn men recently discharged by the company. The decision of the company, it is stated, will determine whether or not a general strike of street railway men will be ordered.

## GALE ON LAKE MICHIGAN.

One of the Worst Blows of the Season Reported.

Chicago, Sept. 25.—One of the heaviest gales of the season prevailed on Lake Michigan during the day, but so far no fatalities have been reported. The wind rose at times to forty-five miles an hour and ranged all day between that and thirty-eight miles.

## SEVERELY CRITICISE IT.

London Press Resent the Boer Appeal for Funds.

London, Sept. 25.—The tone and contents of the manifesto of the Boer generals, which was issued in the form of an appeal to the civilized world for contributions to assist destitute Boers and help in the education of Boer children, excite the utmost resentment of the whole British press and the document tends to alienate the sympathy which has hitherto been felt for the Boer people in many quarters. It is regarded as a manifesto of hostility to Great Britain and the work not of Generals Botha, Dewet and Delaray, but of Dr. Leyds, the European representative of the Boers, and Mr. Reitz, former state secretary of the Transvaal, another blunder which the Boers will live to regret.

The statement contained in the manifesto that 30,000 houses have been burned is declared to be a gross exaggeration, and complaint is made that while the document presents the case against Great Britain in the worst possible light, it dishonestly ignores the fact that the British government has promised the advance loans free of interest for two years to enable the Boers to resettle on the farms. It is pointed out that even if the Boers' estimate of 30,000 farms destroyed is correct, the \$15,000,000 granted under the peace terms will give each family \$500. The idea that the appeal is likely to result in getting anything like \$150,000,000 is regarded as ridiculous as preposterous.

## WITH ONE EXCEPTION.

General Kobbe Recommends Retention of Department of Dakota Posts.

Washington, Sept. 25.—Brigadier General W. A. Kobbe, commanding the department of Dakota, in his annual report, says that the discipline and instruction of his command are good because, as a rule, the officers are capable and painstaking. He quotes from Major Alfred Reynolds, Inspector general of the department, to the effect that he is inclined to the opinion that the abolition of the beer feature in post exchanges has not materially increased the number of trials by court or called for other extra disciplinary measures."

General Kobbe says that with the exception of the posts at Helena and Bismarck, N. D., the military stations in the department date back to the days of the Indian warfare and were originally placed with reference to the Indians. He recommends the retention of all these posts with the exception of Fort Yates, which he thinks should be abandoned. He recommends an increase in the garrison of Fort Keogh.

He also recommends legislation to settle the question of title to the Fort Missoula military reservation, which includes part of a school section.

## THEIR LABORS ENDED.

Brotherhood of Locomotive Firemen's Convention Adjourns.

Chattanooga, Tenn., Sept. 25.—The eighth biennial convention of the Brotherhood of Locomotive Firemen has concluded its sessions.

The ninth biennial convention will be held in Buffalo, N. Y. After a close contest George Goding, W. I. French and A. H. Hawley were declared re-elected members of the board of grand trustees. The committee on salaries reported in favor of retaining the same salaries except in the case of the grand secretary and treasurer, whose salary was materially increased, and the salary of the office employees of the grand lodge were also given an advance. The bond of the grand secretary was also increased.

## TWO CANDIDATES ONLY.

Montana Democratic State Convention Makes Nominations.

Helena, Mont., Sept. 25.—The Democratic state convention at Bozeman during the afternoon nominated Judge Jere B. Leslie of Great Falls as assistant justice and John M. Evans of Missoula for congress. No other nominations are to be made.

United States Senator W. A. Clark and his friends had absolute control of the convention. Senator Clark presided as temporary chairman.

The committee on credentials reported in favor of seating the Clark delegations from Silver Bow and Granite counties and the report was adopted. Senator Charles W. Hoffman of Bozeman, a well known supporter of Senator Clark, was made permanent chairman.

## DELEGATES ARRIVING.

Michigan Republican Convention Meets in Grand Rapids.

Grand Rapids, Mich., Sept. 25.—Delegates are arriving in large numbers for the Republican state convention, which meets here for the purpose of nominating a candidate for the state supreme court to succeed the late Justice John D. Long. It is conceded on all sides that Judge William L. Carpenter of the Wayne circuit bench will be nominated.

A fight may develop in the convention, however, if an attempt is made by the adherents of General R. A. Alger or Dexter M. Ferry, candidates for the United States senate to succeed the late Senator James McMillan, to secure the endorsement of the convention for either candidate.

Mgr. Falconio, Coming at Once.

Rome, Sept. 25.—The Vatican has instructed Mgr. Diomedes Falconio, the recently appointed papal delegate in the United States, to proceed immediately to Washington, as it considers that post has already been too long

AGAIN HEADED BY ODELL.

New York Republican Convention Nominates a State Ticket.

Saratoga, N. Y., Sept. 25.—Completing in three hours a state ticket, and promulgating a platform of principles, without the least indication of friction and amidst much enthusiasm, the state Republican convention adjourned sine die. The candidates, with three exceptions, are at present state officers. The planks in the platform which attracted most attention were those protesting against combinations and trusts and the declaration for improved canals.

The ticket nominated was: Governor B. B. Odell, Jr. of Orange; lieutenant governor, F. W. Higgins of Catskill; secretary of state, John O'Brien of Clinton; treasurer, John G. Wickiser of Erie; attorney general, Henry B. Colman of Madison; comptroller, N. B. Miller of Cortland; engineer, E. A. Bond of Jefferson; judge of the court of appeals, W. E. Werner

of Monroe.

The platform also endorsed the administrations of President Roosevelt and Governor Odell; calls attention to the abolition of the direct tax rate; discourses on the economy that has characterized the administration of state affairs, considering the largely increased responsibilities; congratulates President Roosevelt for laying the foundations of local government in the Philippines; endorses the constitutional amendment allowing the legislature to regulate the hours of labor for workingmen; calls for the preservation of the protective tariff in the interest of the workingmen; favors legislation to get more speedy results in supreme court actions; a high standard of state care for the insane; appropriations for the forest preserves, and recognition of the veterans of all wars.

### REGRETS HIS REMARK

ADJUTANT GENERAL LILLER  
APOLOGIZES TO RUSSELL  
D. HARRISON:

### FORMER RESIGNS OFFICE

Convention of Spanish-American War Veterans Adjourns After Electing Officers and Appointing a Committee to Confer With a Like Body From the Spanish War Veterans on Consolidation.

Indianapolis, Sept. 25.—After William G. Liller had apologized in an open letter to Russell B. Harrison for calling the latter a liar and had resigned from the adjutant generalcy the Spanish-American War Veterans concluded their session by electing officers and selecting Milwaukee for next year's encampment.

A resolution was unanimously passed favoring a consolidation of the Spanish-American War Veterans and the Spanish War Veterans and a committee was appointed to confer with a like committee from the Spanish War Veterans with authority to complete the organization in all details.

Just as the encampment had been called to order, Captain James H. Maginnis of New York city moved that Liller be excluded from the floor but the motion was lost, whereupon Captain Coning of New York rose to his feet and said with considerable emphasis that the New York delegation repudiated Liller and wanted nothing more to do with him.

The auditing committee, which was appointed to investigate Liller's accounts, reported through Colonel Hutchings of Iowa that Liller's books were in such an unsystematic condition that no detailed report could be made.

The committee suggested that an expert accountant be employed to disentangle the financial affairs of the order and stated that as far as could be learned the cash balance of the order is \$231 and its liabilities are \$2,441.

After the report of the committee had been read the

Convention Was in an Uproar.

From all parts of the hall Liller was called upon to account for the cash he had received. It was decided no settlement be made with Liller until the affairs of the order had been untangled. It was also decided that no paper or periodical be made the official organ of the order. This was a blow at Liller's paper, which is published at Lancaster, Pa.

Liller said he offered his resignation in order to prevent being discharged from the order, as such a discharge would handicap him in organizing a new order, which, he said, he intended to organize within a short time. He intimated that many would leave the Spanish-American War Veterans' organization and follow him. The new order, he said, would be an anti-negro organization.

Commander-in-Chief Urell, of the Spanish War Veterans, now in session in Detroit, sent a telegram favoring consolidation. It stated that a committee had been appointed to further a consolidation of the two organizations and suggesting that the two committees meet in New York city the first day after the election in November.

It was stated by General Coryell that he had talked with President Roosevelt in reference to the consolidation and that the latter earnestly recommended that such a step be taken and had promised to do everything in his power to further the scheme.

Thank President Roosevelt.

A resolution was made by Captain Zuehlke of Wisconsin, thanking the president for his address and greeting and expressing best wishes for his early recovery.

The following are the officers elected: Commander-in-chief, Colonel D. John Foster, Chicago; senior vice commander, Colonel Thomas F. Lynch, New York; junior vice commander, Major Harry Hall, Philadelphia; inspector general, Captain Ellis Duncan, Louisville; Judge advocate general, Captain Newton W. Gilbert, Angola, Ind.; surgeon general, Major William P. Love, Youngstown, O.; commissary general, L. E. Hubbard, St. Paul; chief engineer, Captain Franks S. Clark, Indianapolis; chief mustering officer, Captain Charles J. Schultz, New Jersey; chief signal officer, Lieutenant John McLennan, Michigan; chief of artillery, Wilbur M. Lee, Wisconsin; chaplain-in-chief, J. C. Shindler, Youngstown, O.

Colonel Foster appointed Captain J. J. Carns of Chicago adjutant general and Captain James Orlif of Youngstown, O., quartermaster general. Headquarters will be established in Chicago.

### UNUSUALLY BIG ATTENDANCE

Northwest Fire Underwriters in Session at Chicago.

Chicago, Sept. 25.—The Fire Underwriters' Association of the Northwest convened here during the day with an unusually large attendance.

George W. Law of Chicago and Ralph W. Breckenridge of Omaha were the principal speakers. Among those who read papers were Frank A. Verner, Detroit; H. B. Heywood, Indianapolis; B. L. West, Cedar Rapids, Ia., and Walter D. Williams, Minneapolis.

Two Killed in a Riot.

Baumont, Tex., Sept. 25.—In a riot at Port Arthur Deputy Marshal Smith and a Mexican were killed. The Mexican who killed Smith escaped a posse searching for him, and when captured he may be lynched. Feeling is high at Port Arthur and more trouble is expected.

### NEGRO HAD NO CAUSE.

T. J. Blewitt, the N. P. Brakeman Who was Shot, is Brought to the Sanitarium.

Brakeman T. J. Blewitt, the Northern Pacific brakeman, who was brought to the Brainerd Sanitarium yesterday, having been shot in the foot by a colored man, is suffering from a very painful injury. The Fargo Morning Call gives the following account of the matter:

"Early yesterday morning when an east bound N. P. freight train reached Sidney, a crossing west of Casselton, a brakeman named Tom Blewitt was walking over the train and had climbed down from a box car onto a car loaded with timber. When he started to walk over the timbers a negro who was hiding between them at the other end of the car reached up and shot at him with a revolver, the ball passing into the right foot. The negro then got off the car and started across the field and took the old Great Northern branch grade which he followed. The injured man walked forward as best he could and had the engine of the train cut off to take him to Casselton and to bring out officers. A number of men and officers were brought out and also an engine that was doing some switching in the Great Northern yards.

"The negro had been followed by two men but he had been holding them at bay with his revolver until he was overtaken by the engine, when one of the police officers who was riding on the engine covered him and ordered him to throw up his hands. He was taken by surprise as he did not suppose that anyone on the engine was after him. He was taken to Casselton and locked up. He gives his name as Charles Smith and says that his home is in Santa Fe, N. M. He is about 25 years of age and refuses to say anything about the shooting. He will be given a hearing before Justice Walker at Casselton.

"The injured man was brought to this city on the passenger train and was taken to his room in the Cantieny block on Broadway where he was seen by a Call reporter. He states that he had not even spoken to the negro when the fellow shot him and he had never seen him before. He knew of no reason why the fellow should shoot at him. Mr. Blewitt is a nephew to Pierce Blewitt, trainmaster of the Dakota division, and will be taken to the hospital at Brainerd this morning. He says the wound gives him considerable pain and thinks the bone is injured. The bullet is still in the foot. There is a strong feeling among the railway trainmen and citizens generally against the negro who made this assault without cause".

### Soap Given Away.

## PROF. S. B. GREEN GUEST AT FAIR

Representative of State Horticultural Society will Judge the Fruit on Exhibition.

WILL ALSO GIVE AN ADDRESS.

Some More Agricultural Exhibits Arrive and a Creditable Showing is Made.

Today, the second day of the county fair for 1902, there is quite a good representation of the farmers from the country in and they have made many valuable acquisitions to the already good exhibit of agricultural and horticultural products in the county. Prof. S. B. Green, of the state agricultural school, has arrived in the city and he will judge the vegetables and fruits on exhibition. He will also give a talk tomorrow afternoon on some interesting subject and the farmers and others are taking considerable interest in this feature of the fair.

Tomorrow will be a holiday for the children of the city and it will be a gala event for them. They will go down in large numbers and will spend most of the day on the grounds.

It is said that the fruit exhibit beats that of last year and the other products are equally as fine.

Good suits for \$5.00 and \$6.00, but we have some dandies at \$15, \$18 and \$20. These are hand tailored. Glad to show you any time.

92 LINNEMAN & CARLSON.

### Fracas in Restaurant.

Phil Harty, bartender at Crowley's saloon and George R. West, proprietor of the Horseshoe Restaurant got into an altercation last night and this morning the former wanted a warrant for West's arrest, claiming that the restaurant proprietor took after him with a knife. Up to the time of going to press no warrant was issued.

D. M. Clark & Co., carry a nice line of sectional Book Cases.

### GOOD SHOWING MADE.

Next Sunday Completes Another Year for The M. E. Church under Rev. James Clulow's Pastorate.

Next Sunday completes another year for the M. E. church of this city. The pastor, James Clulow, closes his third year on this charge and will start for the seat of conference—Morris—next Tuesday. A report of the condition of the church will be read next Sunday morning, and a review of what has been accomplished during the present pastorate. The following officers were elected at the last quarterly conference to serve for one year:

Stewards: R. G. Vallentyne, T. E. Nitterauer, J. H. Noble, William Rogers; Mesdames Howard Paine, Wm. Rogers, C. M. Richardson, J. W. Williams, F. J. Slipp, R. Georgeson, Dr. Rounds and Lillie M. Elder. R. G. Vallentyne was elected Dist. steward, T. E. Nitterauer was elected recording secretary, and Mrs. Wm. Rogers is the secretary of the official board.

Robert E. Tuttle, president of the Epworth League, was confirmed as a member of the quarterly conference. Walter J. Smith was recommended to the district conference for the renewal of his license to exhort, and John O. Ferris was recommended to the district conference for license to preach.

The following were named as members of the board of trustees:

R. G. Vallentyne, T. E. Nitterauer, Dr. Rounds, F. J. Slipp, Jas. Rhodes, John M. Brockway and J. H. Noble.

Dr. Forbes, the presiding elder, was very much pleased with the condition of the church and the advance made along all lines during the present pastorate. The pastor will preach next Sunday morning and evening.

### BOUGHT UP ALL KINDS OF TIMBER

R. J. Hartley Returns From Oregon Where he Went to Look Over the Country.

### INTEREST IN NATIVE TIMBER.

He is Very Enthusiastic Over the Country in the Coos River Valley.

R. J. Hartley has returned from Oregon where he went some time ago with a party of gentlemen on pleasure and business. Mr. Hartley while in Oregon looked over some extensive timber lands in Coos county and closed a deal for some one hundred million feet at the rise of the Coos river. He says that the country in that vicinity is very productive in the valleys and on the mountain sides timber abounds in large quantities.

He expects to buy up much more land in Coos county next year, but will commence soon to log the timber that he has already bought.

Nettleton sells houses and lots, small payment down, balance monthly.

92 LINNEMAN & CARLSON.

DEERWOOD.

G. W. Rudolph is building a nice cottage on his lot on Shady Walk street.

Mr. Joseph Smith purchased lots 1 and 5 on Shady Walk street a couple of weeks ago.

H. J. Hage has purchased lot 3, block 8, on Forest. Mr. Hage knows a good thing when he sees it.

We will take up the story of the ghost published in one of the Brainerd papers at some other time.

Miss Clara and Emma Howe purchased each of the two lots on Front street just west of the Methodist church last week.

James McCarvill purchased two business lots on Front street just below Raymond's blacksmith shops a couple weeks ago.

C. Rudolph saw an animal a couple of miles west of Deerwood that he called a panther, but the boys think that Mr. Rudolph's vision must have been affected.

The new school house will not be built before another season; the impression is gaining ground that it will then be advisable to build a four room building instead of a two room.

C. J. Rathvon's new hotel is being pushed along and will be a big improvement to Deerwood, not only in appearance, but also to accommodate the fast growing business of the town.

The principal village lots are being picked up at Deerwood just now, several being purchased last week and values are advancing. Now is the time to get in on the ground floor.

Coffin & Wasserzieher have their building up for a feed mill, which arrived last week. The farmers will be able to get their feed, corn meal, buckwheat flour, etc., ground at Deerwood in the near future.

W. S. Jordan, formerly of Des Moines, Iowa, has associated with the C. J. Rathvon Land Co., and has taken charge of the land office at Deerwood, and is looking around for a house to move his family. We welcome Mr. Jordan and his family to Deerwood.

Interests here bought the September delivery heavily during July and August and have held it until now. They are selling it at a handsome profit, and are replacing it by buying the December. For some time we have called attention to the bullish features of the situation, which are, very small stock of wheat and flour, the large and active cash demand and small receipts. There have been fears that spring wheat receipts would enlarge so as to depress the market, but the way that winter and spring wheat receipts up to this time have dropped out of sight shows that there is no danger this year of receipts becoming burdensome.

It is these underlying and essential conditions that make possible such a deal as the above mentioned one in the September.

There are single elevator companies which could easily take care of the whole present visible supply and would be glad to get it. The best professionals have no fear of holding wheat at present prices. The decline of 1 $\frac{1}{2}$  in the Minneapolis December is a natural re-action in a bull market. It is probable that the upward movement will continue right from tonight's close. Buy a little wheat, and if it should decline one or two cents, don't get scared and throw it over; hold on to it and buy a little more. We believe that wheat bought on a reasonable margin at this price is perfectly safe and will make good profits.

Have you seen the new box paper at H. P. Dunn & Co's.

### MUSIC AND DRAMA.

#### "PENNSYLVANIA."

John Boyle O'Reilly loved the beautiful valley of Wyoming, the most charming spot in Pennsylvania, famous in history through Campbell's celebrated poem "Gertrude of Wyoming". O'Reilly often passed the summer there and as he stood on the mountain one afternoon with the valley "smiling before him" he exclaimed, enthusiastically, "This valley should breed poets and authors". And it has. Daniel L. Hart, having passed his early life in Wyoming, has selected from his associates some quaint characters for the drama "Pennsylvania", the scene of which is laid in the valley. "Pennsylvania" comes to the Brainerd Opera House next Tuesday, Sept. 30th.

#### THE ROYAL ITALIAN BAND.

There was a very good audience at the Brainerd Opera House last night to hear the Royal Italian band in one of their grand concerts and it is seldom that a Brainerd audience has been moved to such an extent as it was last night. The program given was a very select one and to almost every number the band was obliged to respond to an encore. Cavaliere Rivela, the director, was not with the band when it was here last year and he appeared for the first time before a Brainerd audience. He is a dapper, well balanced little Italian, and seems to have good control over his men, but it could be plainly seen that he did not draw out of the men the music that the former leader Creatore did. The latter was in many respects a ridiculous composition of gymnastics, but the manner in which he seemed to sway the band was effective and his climaxes were something grand, magnificent. Rivela may, however, be more accurate in some technical parts of the band's music, but give the writer the half insane Creatore, who seemed to drive his men before him through listless clouds, o'er rugged peaks, then softly down through peaceful valleys, only to arise again to the end, victorious in a great struggle, a finish that would stir the heart to its depths and leave an impression that was lasting. Creatore standing with every muscle and nerve tinged like a great captain after a fierce battle. It certainly was great.

Coffin & Wasserzieher have their building up for a feed mill, which arrived last week. The farmers will be able to get their feed, corn meal, buckwheat flour, etc., ground at Deerwood in the near future.

W. S. Jordan, formerly of Des Moines, Iowa, has associated with the C. J. Rathvon Land Co., and has taken charge of the land office at Deerwood, and is looking around for a house to move his family. We welcome Mr. Jordan and his family to Deerwood.

Weekly Market Letter.

The following market letter is furnished by Edwards, Wood & Co., Grain Commission Merchants, 8 Chamber of Commerce, Minneapolis, 310 Board of Trade, Duluth:

The wheat market last week was very dull until on Thursday, when an upward movement started, which developed into a strong and excited bull market. Since Thursday, Chicago Sept. wheat has advanced 12 $\frac{1}{2}$  cents per bu and declined 5 cents, closing at 80 yesterday. Minneapolis, December has advanced 2 $\frac{1}{2}$  cents and declined 1 $\frac{1}{2}$  cents closing at 65 today.

The immediate cause of the excitement is supposed to be a corner in the Chicago Sept. delivery. Strong

### THE "NORTH COAST LIMITED"

of the Northern Pacific which, in its two seasons of service has justly obtained the reputation of being the "Crack Train of the Northwest," was again placed in commission May 4, 1902.

This train replaced trains 11 and 12 and the twice-a-day through train services is maintained as heretofore.

The "Limited" runs between St. Paul and Portland, via Butte, Spokane, Seattle and Tacoma as in previous years, and is electric lighted, steam heated and vestibuled.

New, modernized Pullmans, the most advanced type of Tourist Sleeping Cars, new Northern Pacific Railway Dining Cars, the usual fine equipment of regular Day Coaches, etc., and crowning all, the superb Observation cars of the Northern Pacific Railway at the rear of these trains, all together form a train unexcelled anywhere. It is worth something to see the Northwest on a train like this. Passengers having paid for first-class Pullman berths have the privilege of the Observation car and its fine library and reading room Free, others holding first-class tickets pay a small fee for the privilege.

This train carries the east-bound Yellowstone Park travel and the Park Pullman during the Park season, May 30 to September 15th.

### BACK IN WASHINGTON

PRESIDENT ROOSEVELT SUFFERS  
NO ILL EFFECTS FROM  
TRAVELING.

### AN UNEVENTFUL JOURNEY

Mrs. Roosevelt and Two Cabinet Officers Meet the Chief Executive at the Station and He is Conveyed to the Temporary White House, Where Dr. Lung Dresses the Wound on His Leg.

Washington, Sept. 25.—President Roosevelt returned to Washington at 6:30 p.m. over the Pennsylvania railway from Indianapolis, where he was compelled to abandon his Northwestern trip because of an abscess on his leg which developed as the result of the trolley accident at Pittsfield, Mass. He stood the ride from Indianapolis remarkably well and when he was carried in a wheel chair from the car to his carriage he was in excellent spirits and appeared to be free from pain. With Mrs. Roosevelt the president was driven directly to the temporary White House in Jackson place, where, according to the present arrangements, he will remain until the wound is healed and he is able to be on his feet. The president was taken to his room on the second floor of the hotel and made comfortable and his wound dressed. Later he was reported to be resting easily and the expectation is that within ten days the president will be himself again.

The trip home from Indianapolis was an uneventful one. He remained in bed all day and executive business on the train was practically discontinued. Few letters or telegrams were written or received. A telegram was put on the train at Pittsburgh from Mrs. Roosevelt stating that she had left Oyster Bay for Washington. The running time of the train was slow in order to reduce the jar and as few stops as possible were made. Whenever the train stopped crowds gathered about the president's car, but there was no cheering.

After dinner the president expressed a desire to see the members of his party and they went into his state room a few at a time. He chatted pleasantly with all of them and expressed his great disappointment at not being able to continue the trip. In his talk with his callers the president expressed his determination to visit the Northwest next spring, when he will extend his trip as far as the coast, during which he will visit all the states in which he intended to stop on this trip.

The president feels very kindly toward the people of the Northwest, for it was in that section his young life was spent and it was there that he raised his regiment of rough riders at the outbreak of the Spanish-American war. He will allow nothing to stand in his way of going there in the spring.

When the train bearing the president rolled into the station there was a large crowd awaiting its arrival, but a special detail of police and detectives kept them in the rear so that few were able to see him.

Mrs. Roosevelt, who had reached the city during the day from Oyster Bay, had been one of the earliest arrivals at the station. She was accompanied by Rear Admiral P. M. Rixey, formerly the physician attached to the presidential household.

Welcome the President Home.

Secretaries Moody and Hitchcock and John F. Uri joined them before the train's arrival. As soon as the train came to a stop Mrs. Roosevelt boarded it, followed by the cabinet officers and the others who had come to welcome the president home. They remained aboard fifteen minutes chatting with the president before he was removed from the car. An invalid wheel chair was backed against the platform and into this the president, borne in the arms of Doctors Lung, Richardson and Rixey and another gentleman, was lifted and wheeled across the narrow platform, out through the baggage room on to the pavement, next to which the White House carriage was standing.

Arrangements were made at once for dressing the president's wound and for other attention after his journey. Doctors Lung, Rixey and Uri remained with him some time after he was taken to his room and gave their personal attention to every detail. Dr. Lung, the regular White House physician, will

Have Immediate Charge

of the president's case and should it be deemed necessary will consult Doctors Rixey and Uri in the further treatment of the wound.

By 9:30 o'clock all the physicians had left the house, although about 16 o'clock Dr. Lung returned to make his final visit for the night. They reported the president to be very comfortable. At 9:30 Secretary Cortelyou issued a statement on the president's condition as follows:

"The president's physicians report that he stood the trip home well and it is believed that the local inflammatory symptoms will subside in a week or ten days if the leg is kept absolutely at rest."

According to present plans during his period of recovery the president will spend his time at the temporary White House.

President Roosevelt intends to view the Grand Army parade two weeks hence, but it is not yet known whether he will remain here during the entire interval between now and then.

### ENLIVENED BY A TILT.

Miss Adams Speaks at Convention of Employers and Employees.

Minneapolis, Sept. 25.—The morning session of the convention of employers and employees, which was held in the university chapel, was enlivened by a tilt between President A. B. Stickney, of the Great Western road, and Miss Jane Addams, of the Hull House, Chicago, over certain statements made by Mr. Stickney, in which Miss Addams had considerably the best of it in having the last word.

The first statement to which she took exception was that the sole object for which the labor unions were formed was the obtaining of a fair division of fruits of labor; in other words, to secure the laboring man fair wages. To this Miss Addams replied that the object of the union was to secure higher wages, better hours and more favorable conditions, quoting government reports to prove her statement.

Another remark to which Miss Addams made objection was one in which Mr. Stickney said that the trouble in the anthracite fields was caused by more workingmen being attracted to the fields than there were positions to fill. Miss Addams contended that the men had not gone there because of high wages offered, but had been induced to go there by the operators, who hoped to increase the supply beyond the demand and thereby diminish the price.

### HIS LEAVE CANCELLED.

President Keller of the Letter Carriers Recalled to Washington.

Washington, Sept. 25.—As the result of reports that he was in California in the interest of the opposition to the re-election of Representative Loud of that state, the leave of absence for nine months recently granted to President Keller of the National Association of Letter Carriers was cancelled during the day by Acting First Assistant Postmaster General Hawley. Keller recently was elected president of the letter carriers organization and secured the leave by having a subcarrier put in his place. The department received reports that he was in California to lead in the opposition to Mr. Loud, whose views on some pending legislation affecting the carriers have not coincided with those of the association.

### CIVIC IMPROVEMENT LEAGUE.

Eleven States Represented at the Meeting in St. Paul.

St. Paul, Sept. 25.—Twenty-five delegates represented their various organizations at the day's session of the Civic Improvement League at the Commercial club. The meeting opened most auspiciously. The twenty-five delegates represented eleven states—New Jersey, Wisconsin, Ohio, Iowa, Missouri, Nebraska, Kentucky, Illinois, Texas, New York and Minnesota. Though small numerically, the aims of the league are as broad as the territory they represent.

After the appointment of the regular committees, E. H. Parker, a former president of the American Park and Outdoor association, was introduced and made an address.

### Her Aim Was True.

Joplin, Mo., Sept. 25.—Steela Lister in East Joplin shot and killed Joseph Knott, son of a brewer at Galesburg, Ill. Knott tried to break into the Lister house against the woman's will. She locked the door and shot through the panel, the shot taking effect in the young man's head, killing him instantly.

### Fought a Deadly Duel.

Ocala, Fla., Sept. 25.—In a duel early in the morning between Moses Brown and W. T. Frierson, Brown was killed and Frierson dangerously wounded.
